

## WORK OR FIGHT.

Idlers and Slackers Are Facing Trouble in Fulton County.

Aroused by the fact that a number of names have been handed to the County Council of Defense of persons who are not at work, measures were taken to start prosecutions under the recent statute enacted by the State legislature. Under this law every one between the ages of 18 and 60 must work at least thirty-six hours at some useful occupation each week. The law provides for speedy trial and does away with the tiresome delays in most proceedings of this nature.

The Council of Defense of this (Fulton) county has perfected an organization which reaches every cross-roads and corner in the county. Through this organization it will have a report on every one failing to work as required by law, and prosecutions are to follow in short order. The council also has impressed upon all the officers the importance of enforcing this law. In line with the proposed drastic action, the Council has printed this week large placards stating the facts above mentioned. "Employment cards" have been printed for the Council, and all men between the ages of 18 and 60 will do well to provide themselves with one of these cards, which will show who you are working for and what you are doing. The Mengel Box Co. has furnished all its male employees with cards. If you are at work your employer will execute a card for you—if not, you are facing trouble.

## "ORDER NUMBERS."

Order Numbers Drawn. J. E. Adams First in Fulton County.

The drawing of order numbers for the 13,000,000 draft registrants enrolled September 12 was started last week by President Wilson. Blindfolded the President groped into the great glass lottery bowl and drew out one of 17,000 capsules. It contained a slip numbered 322, thus giving to men holding that serial number first place in their respective classes after registrants already classified under previous registrations. The number was low enough to touch the list of every local draft board in the country except one or two of the very smallest.

No. 322 in Fulton county is James Elmer Adams, of Bondurant, Ky. In the drawing a year ago the first number was 258, and was held by James P. Callihan, of Fulton.

Copies of the 78-page pamphlet containing the 17,000 numbers were mailed Saturday to the more than 4,500 local exemption boards in the United States. With the lists went instructions as to the method to be used in classifying registrants so that no difficulty may be found in fixing the order of men in the 19 to 37-year-old class, who will furnish the first men for the training camps.

F. B. Ward writes us that he has a new son at his home. He arrived Oct. 4th and has been named Fred Bryan, Jr. Mr. and Mrs. Ward now reside at Ripley, Tenn.

## COSTS \$2,040.

What it Costs United States to Keep Soldier in Service a Year.

Each American soldier costs the United States Government \$2,040 a year. More than 1,300,000 are in France. On the basis of \$2,040 per soldier, they would cost \$2,652,000,000. Following is the cost of each soldier for a year:

Sustenance	\$ 423
Personal equipment	\$ 280
Service equipment	\$ 650
Pay average (officers and men)	\$ 480
Housing, cantonments, etc.	\$ 80
Transportation (to France)	\$ 120
<b>Total</b>	<b>\$2,040</b>

A recent casualty list reported Felix E. Elliott, of Crutchedfield, as missing in action. Sunday's dispatches makes a correction in his case and says he has returned to duty.

The more bonds you buy the fewer boys will die!

## ONLY 2 WEEKS.

Liberty Bonds Will be Ready For Delivery October 24th.

According to the official notice received by Chairman W. C. Reed, Fourth Liberty Loan Bonds will be ready for delivery October 24th. They will bear interest at the rate of 4½ per cent per annum and will mature October 15th 1938. Interest will be payable April 15 and October 15 of each year. The first interest date payable is April 15, 1919 and will be for 173 days. Second only in importance to purchasing bonds is holding on to them. To buy bonds with a view to simply fulfilling a patriotic obligation, then selling them is poor patriotism and defeats the principal economic benefit which a national loan is supposed to effect.

Our old friend H. C. Burch came up from Arkansas City, Friday, to spend a few days with relatives and friends at Hickman.

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters. Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

MUST HAVE LABOR.

Gov't. Insists Laborers Volunteer or Men Will be Drafted.

We print below copy of a letter handed to us by Syd. L. Dodds from Don P. Marton, superintendent of the U. S. Labor Employment Service at Paducah:

"The conditions at Camp Knox, which is situated at Stithton, Ky., thirty miles this side of Louisville, are very serious in regard to labor and the Jno. Griffiths Company who has the contract for the construction of this camp, are several weeks behind their schedule as December 1st of this year was the time set for the occupancy of this cantonment. As explained in the telegram, this camp will be lost to Ky. if the work is not speeded up and completed on schedule time."

"The Government is in dire need of 6,000 laborers and 4,000 carpenters for this work and they must be had. If every nonessential plant or business house in the state must close down. This is the most serious situation that has yet confronted us and will we supply the quota required of us or be forced to do so? In this District, which embraces the following counties, McCracken, Ballard, Carlisle, Livingston, Marshall, Calloway, Fulton, Hickman and Graves, it is the duty of every County Chairman of the U. S. Public Port to the Federal office all idlers and draw men from the nonessential plants to make up their quota. This is final as the labor must be supplied."

"Let every patriotic citizen act as an agent for the Government and report to the federal Office all idlers who are not now employed and they will be forced to work or fight."

"The principal demand at Stithton is for laborers and carpenters. The former receive 35c per hour, with overtime added to more than eight hours' work in one day. They work ten hours and are actually paid for eleven hours work. Work done on Saturday afternoon and Sunday is paid for on the basis of time and a half. Saturday afternoon and Sunday work is not compulsory at the camp."

"Carpenters are paid 60c per hour and also work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work receives double pay."

"Sleeping quarters are furnished free of charge to all employees. The workmen are accommodated in the barracks which have already been completed and which are provided with new cots and blankets. Meals are furnished to all workmen at the camp commissary at a price of 30c for each meal."

"The Government pays the transportation to the camp for laborers from the point where they are recruited. In the case of carpenters who desire it, the Government will advance transportation, refund of this expense being made after the carpenter has begun his duties at the camp."

Mr. Dodds attended a meeting of the U. S. Public Reserve Chairman at Paducah last night; the purpose of which was to take some drastic action regarding the labor problem. The quota for Fulton county is 47 men—and you can bet that the quota will be gotten one way or another."

From time to time the Courier—in fact all newspapers in the district—have given this matter publicity and stressed the pressing need to respond to the government's call for men. Fulton on duty for the most part, have failed to do, force will be used. YOU are in an unessential occupation, begin to make your plans to change up. It's coming."

ESTRAY NOTICE.

County of Fulton, Commonwealth of Kentucky.  
Affiant, A. W. Fowler, being by me duly sworn, states that the following described animal, to wit: One dark horse mule about 14 hands high, blind in left eye, was taken up by him as a stray on the Mobile and Ohio railroad company's premises in the town of Cayce, Ky., on or about the 16th day of September, 1918, and that he has not changed, altered or defaced any marks or brands on said animal, and affiant further states that said animal is of the value of about \$100.00 and R. B. Searce, a resident and housekeeper of Fulton county, Ky., being by me duly sworn, appraises said animal at \$100.00, wherefore I, the undersigned Judge of Fulton County and State aforesaid, appraise said animal at \$100.00.

Witness my hand as Judge of Fulton County Court, this the 24th day of September, 1918.

E. J. STAHR, Judge.

POSTING OF STRAYS.

J. M. Atteberry, having been duly sworn by me, states that the following described animal was taken up by him as stray on his premises, about 1 1/2 mile north of Willingham Bridge, in Fulton county, Kentucky:  
One female heifer, weight about 500 pounds, marked with a hole in the right ear and a crop off of same ear, and a swallow fork in the left ear, and that he has not changed, altered or defaced the marks or brands of said animal, and J. A. Llep, a housekeeper in Fulton county, being by me duly sworn, states that said animal is of the value of \$35.00.

Witness my hand as Judge of the Fulton County Court, this the 1st day of October, 1918.

E. J. STAHR, J.F.C.C.

J. F. McAllister, living four miles north of Fulton, had the misfortune to lose his tobacco barn Thursday containing about three acres of tobacco, with no insurance. He has five acres more that he has now insured. Mr. McAllister estimates his loss, including the barn, at \$700.

Hayden Geeder of Bardwell, was struck by the Whiskey Dick train at Wickliffe Thursday afternoon and killed.

Fresh bread daily at Bettersworth's.

YOUNGEST BOND BUYER.

Charles Hubbard Amberg, son of Judge and Mrs. W. R. Amberg, of Hickman is without doubt the youngest 4th Liberty Bond buyer in the county, if not the state. He was born Saturday afternoon and bought a \$100 bond through the Farmers & Merchants Bank Tuesday. This is a very propitious and patriotic start for the young man's career.

Mrs. O. B. Powell and Pat Freeman, wife and children, have returned from three weeks visit with relatives in Tulsa, Okla. They also attended the Confederate Reunion at Tulsa.

Beginning Oct. 5th to the 15th I will sell the famous South Bend \$17.50 Watches at \$14.75

USE HONOR EMBLEMS.

There will be no honor flags distributed to communities, counties or states in the Fourth Liberty Loan Campaign in the Eighth Federal Reserve District.  
Instead, the honor emblem of the display by factories, stores, organizations, etc., to show the percentage of their employees or members which subscribe to the Fourth Liberty Bonds. The honor emblems are printed showing the percentage 75 per cent. and percentage 80 per cent., 85 per cent. and up to 100 per cent. These stickers can be placed on the card over the percentage of employees or members subscribing.

Of all times, Hickman streets should be sprinkled now. That the streets should be full of flying dust, and an admixture of expecoration, etc., during the epidemic of influenza is inexcusable.  
LEIBOVITZ BUILDING FOR RENT JANUARY 1ST. APPLY TO W. A. DODDS.  
Ben Bondurant has been on the sick list.

A Halloween party will be given at the home of Mrs. W. A. Johnston on the evening of October 31st by the Ladies' Aid Society of the Methodist church. A cordial invitation is extended the public. A silver offering will be taken.  
Miss Celeste Roberts spent a few days last week in Paducah, the guest of Mrs. Roy McKinney.

Friends of the family will be glad to learn that Mr. and Mrs. R. E. Low have reconsidered the matter of leaving to Nashville and decided to remain in Hickman. Mr. Blow is local agent for the C. M. & G. Ry.—and a mighty good one.  
Miss Carrie May Reid is visiting Mr. and Mrs. E. A. Haas in Louisville, for ten days.

#### THE GOVERNMENT REQUESTS THE PUBLIC TO DO CHRISTMAS SHOPPING AT ONCE.

The only way in which the request can be complied with is through the patriotic co-operation of the public. The Council of National Defense has pledged the merchants of this country to make every effort to spread the period for holiday shopping over the months of October, November and December. We urge our friends to start in NOW with their regular holiday shopping. Stocks are nearly complete and prices are as low as they probably will be this season. As the Government desires to confine Christmas giving (except for young children) to useful articles, the desirability of early purchases at present prices will appeal to prudent people.

### "FLUE" IS HERE.

Around 150 Cases in Hickman. Schools Closed; Public Gatherings Forbidden.

Spanish Influenza has broken out in Hickman, and at this time there are probably 150 cases of it in and near town. It is also reported at Fulton and other places in the county.

As a measure of prevention, all public schools in the county were ordered closed Monday by County Health Officer J. A. Phelps. This action was closely followed by the City Council of Hickman Monday afternoon, when the board issued the following order:

"On account of the out-break of Spanish Influenza in Hickman, and the attendant dangers of the epidemic, it is hereby ordered that all public assemblies be and are hereby forbidden to meet or hold gatherings of any nature until further official notice. This order specifically includes Picture Shows, Public Schools, Pool Rooms, Church services, Lodge Meetings, Sunday Schools.

"It is further requested that in all semi-public places, such as hotel lobbies, R. R. waiting rooms, barber shops, stores, restaurants, etc., every effort be put forth to discourage congregating of crowds. Stay out and away from them, if you have no business.

"While this order is backed by the Federal authorities, it is to be hoped that no drastic steps will be necessary to enforce it; and that each citizen will co-operate with us. It is as much to your personal interest as to public welfare."

A similar order—both of which were signed by the County Health Officer, was issued at Fulton. All places effected closed according to the order and will remain closed until the ban is officially lifted. A great union revival in progress here, came under the closing order. The Evangelist Rev. Ham, promptly called off his services before the Mayor's proclamation was issued, postponing the revival until the epidemic is past. There has apparently been no opposition to the closing order. The importance of preventing crowds assembling cannot be overestimated as a matter of preventing further contagion and spread of the disease.

Dr. Phelps tells us that the "flue" is distinguishable from "grippe" by the suddenness of attack; intense headache, probably a chill, and then fever. The flue in itself is not so dangerous; it is the complications following, which is likely to be pneumonia. If necessary, precautions are taken, the flue generally subsides or runs its course in three or four days. There seems to be no infallible rule—no known serum to prevent and no treatment to cure the trouble—but he suggests the following rules as being essential to lessening the danger and intensity of the attack:

1. All colds, however slight, should be treated as possible attacks of influenza. Patients effected by colds should stay at home and sterilize discharges from the nose and throat.
2. Avoid going or spreading of the disease.
3. Avoid crowds.
4. Regulate bodily functions and keep them so.
5. Avoid the breath or expelled secretions from people suffering from colds.
6. Wash out the nose and throat two or three times daily by a nasal spray or douche and by gargle with a "normal salt solution" (one-half teaspoonful salt to one glass, eight ounces, clear water, or Doble's solution.)
7. All those in attendance on patients with influenza should wear masks.
8. Clothing should be warm and dry. Food simple and easily digested. Drink water freely.

It is needless to say that the disease is highly contagious and quickly developed. This is evidenced by the fact that a few days ago there was not a case in Hickman and now we are in the midst of an epidemic. So far, there have been no deaths reported from it here. Two are reported to have died at Fulton first of the week, where a less number of cases prevail. Many have been incapacitated since the advent of the "flue." The Mangel Box Company is crippled in practically all departments by reason of employees being absent, and other industries are feeling the effect.

It is impossible to say at this time how long it will be before "closing order" can be lifted, but the City Fathers will see to it that no public gatherings are held until the situation clears up. Everyone should co-operate with them in an effort to quickly and effectually stamp out the disease, as "a stitch in time may save nine" in this case.

## COVENANTED PEACE WITH GERMANY IS OUT OF QUESTION

AMERICA WOULD HAVE TO REPUDIATE CIVILIZATION TO BARGAIN WITH BRUTES.

### HAGUE CONVENTION IS CITED

Evidence of Violation of All Rules of Humanity Can Be Doubted by No One.

America, unless we repudiate civilization and abandon humanity and put a premium on savagery and brutality, can make no covenanted peace, no peace by agreement or negotiation with Germany. It would be a covenant with hell, a partnership with infamy.

Nor would such a peace secure peace, except so long as it suited Germany. We can judge the future only by the past, and to Germany sacred treaties are scraps of paper only. Germany's whole history is a record of national treachery, national bad faith, national dishonor, national murder and national infamy.

Article 56 of The Hague Convention, to which Germany solemnly subscribed, is: "Family honor and rights, the lives of persons and private property, as well as religious convictions and practice, must be respected. Private property cannot be confiscated."

World Knows of Violations. The world knows how Germany has observed this article. There are millions of individual witnesses to her flagrant breaches of it. Every acre of foreign soil Germany has occupied bears mute but unimpeachable evidence of it. There is plenty of German evidence of it, too.

"The goods of different sorts seized in the enemies' territories are in such large quantities that the difficulty of knowing where to put them increases day by day. At the request of the Prussian Minister of War, all chambers of commerce have been asked to give all possible information with regard to storehouses, sheds, etc., which could be used temporarily to warehouse the spoil." (From the Frankfurter Zeitung, January, 1918.)

The German papers have been crowded with advertisements of sale of property taken from France and Belgium. Members of the Reichstag have boasted of, others have censured, the amount of booty brought to Germany from the occupied territory, and the destruction has been far greater than the confiscation.

### Loan Must Show Our Answer.

Of the old men and children murdered, of the women and girls ravished, of the noncombatants taken from their homes and deported to work for their conquerors, of the merchant ships sunk and passengers and crews murdered, of the hospital ships sunk, the hospitals and unfortified cities bombed, of the mutilation and murder by crucifixion and otherwise of wounded and captured soldiers—of all this beastliness there is plenty of evidence, evidence that no one can disbelieve.

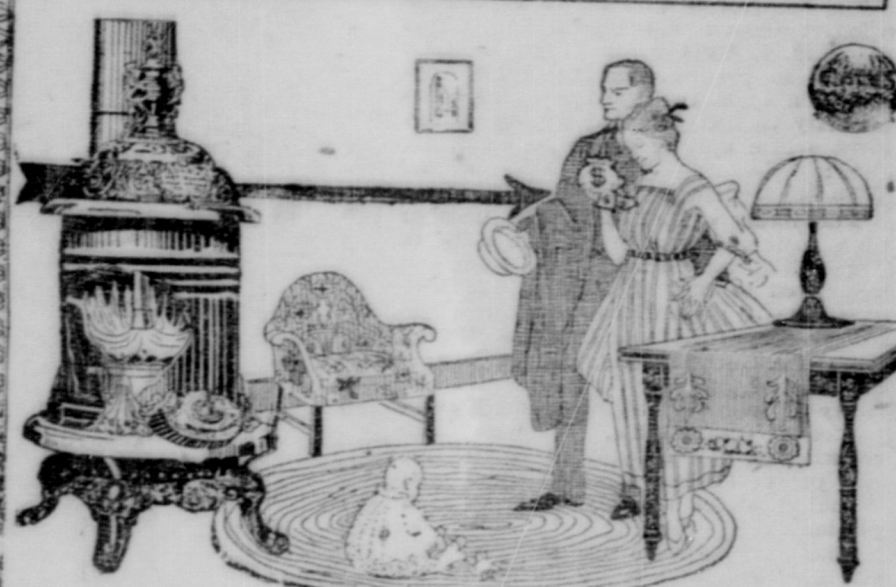

The best answer to German peace propaganda is sinking more U-boats, sending more men to France, speeding up our work along every line and a heavy subscription to the Fourth Liberty Loan. Peace must mean the triumph of right and justice, the defeat of Germanism, not a truce with it, not a compromise with it.

Our soldiers in France are gloriously doing their part toward victory; the Liberty Loan subscription must show them that the people at home are doing theirs.

## BLAME FIXED.

Engineman Kennedy, Who Was Killed, and Conductor Implicated.

Direct responsibility for the wreck on the Nashville, Chattanooga & St. Louis Railway, near Nashville, Tenn., July 9, in which more than 100 passengers and employees were killed, is placed on Engineman Dave C. Kennedy, who lost his life, and Conductor Eubank, in a report to the Interstate Commerce Commission by W. P. Borland, chief of the bureau of safety.

The report says the trainmen named moved from double track to single track line without first ascertaining that a train that they were expected to meet had cleared.

The railroad company itself is partially blamed, however, for the report states that adequate means of enabling employees to ascertain if the single track line was clear were not provided, that even existing facilities for the

operation of a block signal system were not used and that wooden coaches were in use.

Both Kennedy and Eubank were well known in Hickman.

## FAIR WARNING

The Furniture Manufacturers have notified us that Furniture has been classed by the Government as non-essentials and that they were cutting down their production about 50 per cent. Labor is very scarce and raw material is hard to get, and cheap and medium price furniture will be very, very hard to get. Now when this happens prices will be higher than ever known in this country.

Our advice to you is to buy NOW, what you need, if you want to save money. We are not trying to frighten or telling you Fairy Tales, but only telling you facts, so it's up-to-you to take advantage of our warning.

We saw this situation coming and have taken advantage of it, so you will find our LINE of furniture COMPLETE, and while our prices are higher than they were a few years ago, you will find them very reasonable now.

## SO TAKE WARNING

And when you have to pay 50 per cent. more for furniture later on, than now, don't say we didn't WARN you.

Capt. H. E. Prather Tells Of Crossing the "Herring Pond."

The Courier is pleased to reproduce a letter from our valued friend Capt. (Dr.) H. E. Prather, of Hickman, who is now in France, describing his voyage on a U. S. transport from an eastern city to Europe. He writes as follows, while on the ocean on Sept. 15, 1918:

To My Friends at Home:  
The name of our ship, the number of vessels in our convoy, the date of our sailing, our location, etc., I am not permitted to tell. Suffice it to say that we are aboard one of those splendid vessels which our Gov't took over from the Germans and converted into an army transport.

My state room is large enough to be perfectly comfortable, is well furnished and has a private bath. My life preserver and canteen filled with drinking water are my constant companions.

The navy officers are thoughtful of our comforts and spare no means for our protection. I shall ever be grateful to our U. S. navy and pray for them who brave the dangers of the sea. Yesterday afternoon the waves began to swell and the ship began to roll, which continued until about noon today. The ship registered a roll of 24 degrees. It was very amusing in the dining room to have the dishes swept across the table against the table railing, then back again and the water dashed from our glasses.

This morning at 9:30 the bugle sounded "Church Call" and several times during the service we were swept violently against each other. We sang again the songs of our childhood—"Jesus Savior Pilot Me," "I Love to Tell the Story," "There's a Land that is Fairer than Day" and "Rock of Ages." Today noon I was one of two army officers invited by the ship's captain to take dinner with him in his private cabin. He is an Annapolis graduate, a very remarkable and entertaining gentleman. Our elegant dinner was served by a Japanese servant.

Every afternoon we are furnished good moving pictures by the great Y. M. C. A. which looks carefully after our entertainment and general welfare.

Especially do I enjoy the splendid music in the officers' dining room, during meal hours, rendered by our soldiers. We have some very fine tenor voices which entertain us with solos. "My Old Kentucky Home" is quite a favorite with our coterie of Kentuckians.

The sunsets and the moonlight upon the ocean are indescribably wonderful but not more beautiful than I have often seen upon our own Mississippi. I am looking forward to the day when this fearful war will be over and I can be again in my happy home on Hickman hill with those whom I love more than my life.

Sincerely,  
Hugh E. Prather,  
Capt. Medical Corps, Base Hospital,  
59, American Expeditionary Forces.

### Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

### OF BROADCLOTH AND SEAL-SKIN

Chiffon broadcloth with Hudson seal make a suit sufficiently rich to be equal to many formal daytime functions. This combination is found in suits with convertible collars and deep cuffs of the fur and in others with small emplacements of fur in the coat, as in the suit pictured. The coat has a well-shaped panel at the back, with fur at the bottom and a straight front, loosely belted in with a narrow belt of the broadcloth. Parallel rows of braid extending from the front to the panel at the back reveal the perfection of workmanship which is the best asset of all tailored suits.

### GIRLS! LEMON JUICE IS SKIN WHITENER.

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white from any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

## MARRIAGES.

County Clerk Henry Has Issued Licenses as Follows This Week.

Livious Wood, age 28 and Mrs. Maude Hughes, 30, both of Hickman. Married by Rev. Jennings. Wood works at the box factory.

## COLORED.

Will Dismiddle, 49, and May Henry 29.  
Will Wade, 20 and Annie L. Cook, 16

The above is the last marriage recorded in the county, and out of curiosity to know the first marriage of record, we found it to be Joseph Amberg and Miss Jane Stephens, May 29, 1845. The bond is signed by John W. Oberon, in which he and Mr. Amberg "are firmly bound to the Commonwealth in the sum of Fifty Pounds."

## ORDER AND RESOLUTION.

Passed by Fulton County Fiscal Court at Regular Term, Oct. 1918.

Motion made, seconded and carried that the following resolution is unanimously adopted: That in view of the fact that Fulton county has made preparation in the way of buildings, etc., whereby any person in destitute circumstances and a legal charge upon the county of Fulton, State of Kentucky, may be adequately supported and cared for, it is hereby ordered that henceforth not any person within the confines of Fulton county, Ky., may or shall receive assistance from this county in the way of provisions, clothing, house rent fuel or in any way whatsoever except it be medical attention in a few and urgent cases where by it might become absolutely necessary to render such assistance, and such assistance shall then and then only be rendered and extended by Fulton county, when the Magistrates of their respective districts or any of said Magistrates of his respective district may in his discretion after having made a very thorough and careful investigation of the conditions surrounding such case, order such medical attention.

And it is further ordered that not any physician may receive pay from the county for medical attention upon any person or persons unless such attention has been first ordered by the Magistrate of the district in which the patient or person may be located, and it is further ordered and provided that in the event there should be a person receiving medical attention as above provided in any of the Magistrate districts of Fulton county, Ky., that the Magistrate of such district together with the county physician may and shall have authority to order such person or patient transferred to the County Farm premises there to receive the necessary medical attention from the regularly authorized county physician, and not any such removal is authorized unless such Magistrate and said county physician agree thereto.

## HINDENBURG RESIGNED?

Field Marshal von Hindenburg has resigned as chief of the German general staff after a heated interview with the emperor in which the field marshal declared that a retreat on a large scale was impossible to avoid, according to a Central News dispatch from Amsterdam Monday.

## RESOLUTIONS OF RESPECT.

Whereas Almighty God in His Infinite Wisdom has been pleased to call from all earthly courts to His Great Court in Heaven our dearly beloved brother, Robert A. Browder and member of the Fulton County Fiscal Court of Fulton County, Kentucky, Therefore, be it Resolved by the Fiscal Court of Fulton County, Kentucky in regular session this day assembled:

That this Court has lost a good, faithful and efficient member who, without regard to personal gain or consequence to himself served as a member for nine years, painstaking in the care and efforts he made to make Fulton county second to none in roads, bridges, schools, churches and public buildings and that he labored because he loved the work and he believe the same was a labor of love.

That we humbly bow to the will of Him Who doeth all things well and trust to follow the example so well set and followed by our faithful member so as to reflect honor on his memory and our acts.

That we will ever cherish his memory and his sterling qualities. That a copy of these resolutions be spread upon the minutes of this Court and a copy be sent under seal of the County and State, to his family.

Dr. Geo. Armstrong has returned to Hickman.

## GOLD, AS WELL AS BLOOD AND STEEL, IS VICTORY PRICE

GERMANY'S WAR CHEST AT SPANDAU KEEP WAS READY WITH ARMY.

## OUR CHEST IS BEING FILLED

What Could Our Fighters Do if the Liberty Loan Failed?

Blood and steel and gold win wars; and not the least of these is gold.

There is a tower in Berlin, the Spandau Keep, where for a generation before the year 1914 Germany was hoarding the yellow metal that was to launch her imperial effort at conquering the world. The hoard long since vanished in the red furnace of war and loan after loan has been raised in Germany in order to carry on the conflict.

Germany had the trained men, the blood of the nation; she had the steel and she further increased her steel resources by immediately seizing the great iron-mining sections of France as well as Belgium, but the gold, the credit, has had to be found as the war moved along.

When Germany can no longer raise or force loans, or plunder conquered countries, the war will end in a German defeat. Blood and steel are helpless without it.

## Gold Is Vital Here.

Our own war preparations would never have moved had it not been for the mobilized credit of the nation. Without American gold the Allies must have faltered. If the country could no longer raise the money to carry on the war all the training camps would be deserted, our ships would lay at the docks, the American navy would gather rust in quiet waters and the American army, overseas, would face starvation. Our cannon would fall quiet for lack of shells, our rifles would be empty. The Huns could massacre the American troops at will.

That is what it means when we are asked to subscribe to a Liberty Loan. That is the real meaning of the Fourth Liberty Loan. Our armies must be kept in the field. Our navy must be kept at work and our transports and freighters must plow the seas with men and munitions and food. That is why the buyer of a Liberty Bond is actually backing up the men who are with Pershing.

The blood and the steel have gone overseas and the dollars, or what the dollars will buy, must follow them and keep following them.

## Not an Idle Phrase.

"Buy a Liberty Bond and Back the Boys Over There" is not an idle phrase. Every word of it is full of solemn meaning. Picture to yourself the despair that would overtake every American in France if he knew a Liberty Loan had hopelessly failed, that his relatives and friends were no longer willing to buy bonds that he might live and fight on!

The rifle in his hand might as well be a broken stick. His bayonet might as well be a burnt match. He would realize that, no matter what he had done, how he had fought, how many American graves there were on the hills of France—that the war was lost, that there was nothing but mockery back of the American front.

That was what, in a measure, happened to the Russian armies when the loose-tongued revolutionaries seized the government. The support of the army was gone. Here in America, 3,000 miles away from the star shells that spot the night and the shrapnel bursts that spangle the days, we are called upon to supply the gold that is to back the blood and steel. The Fourth Liberty Loan is the call for American gold, for the gold that must be a part of the combination of men, money and iron that makes and stiffens armies and makes or breaks nations.

## LARGE CONTRACTS AWARDED

St. Louis Manufacturers to Make 300,000 Pairs of Shoes for Soldiers.

Three St. Louis manufacturers have been awarded contracts for 375,000 pairs of army shoes at an aggregate price of \$2,579,400. The award is a part of a total contract of 2,021,000 pairs at a cost of \$14,107,600 made by the Quartermaster's Corps of the War Department to 31 manufacturers throughout the country.

All of the shoes are to be metallic-fastened field and marching shoes. Of the three awards to St. Louis, the Hamilton-Brown Shoe Co. will make 75,000 pairs, the Brown Shoe Co. 100,000 and the International Shoe Co. 200,000. Under the contract the field shoes must be delivered by Dec. 10, 1918, and the marching shoes by Jan. 31, 1919.

The three contracts, together with contracts for the remainder of the aggregate awards, will absorb every available worker in the country. Even then the work will have to be carried out intensively. But the shoe workers already have indicated their determination to do their share. At the same time they will invest their surplus in Fourth Liberty Loan Bonds.

## FEW REGISTER.

Voters Paid Little Attention to Registration Day Last Tuesday.

Returns show that many of the voters in Hickman and Fulton were either too busy or too negligent to go to their voting places last Tuesday and register. Those who fail to do so will not be permitted to vote in any election during the next year. In order that these absentees may not be absolutely disfranchised, another registration will be held Tuesday, October 15.

The returns from the first registration were as follows:

West Hickman 23

Old Hickman 119

East Hickman 90

West Fulton 222

East Fulton 178

## MOVING SLOWLY.

Local Board Has Classified Only 30 Per Cent Next Draft.

Work of classifying the men between ages of 19 and 37 is making haste slowly in this county. The board so far has disposed of only about 30 per cent, or less than one-third of the number to be classified.

Out of this number, there are enough to begin with physical examinations and this work will start next Monday, in order to be ready for an emergency.

## GOOD FARM FOR SALE.

Here is a bargain in real estate: 145 acres just 3 miles from Hickman, on Dyersburg road. 114 acres in cultivation; 33 rich bottom land (same as Dodds sold at \$200 an acre); All under good American wire fence; 30 acres orchard; nice 4-room house; fair 2-room house; fine cellar 32x18 and 10 feet deep walled with brick. Barn with nine stalls; corn crib 12x20. The place is so arranged that it has five separate fields, and each field has all season spring for stock water. There is a good black locust grove on place from which 20,000 posts can be cut. 40 acres in corn that will make 10 barrels to acre; 35 acres good cotton, balance in pasture and clover. On rural route, telephone line, good road; only a mile to two good schools; one mile from one church and half mile from another. This is good, strong soil; not a run-down proposition. Good reasons for selling. \$9000 will buy it—half cash, balance to suit. Here is a nice farm home proposition—just the right distance from Hickman. For particulars call or write the Courier. We're going to sell it. 4p

## The KITCHEN CABINET

Be resolutely and faithfully what you are. Be humbly what you aspire to be. Man's noblest gift to man is his sincerity, for it embraces his integrity also.—Henry Thoreau.

## WHEN COMPANY COMES.

If each householder keeps a hen for each member of the family, chicken soup may be a more common dish on the tables of the American housewife.

Royal Soup.—Put a cut-up fowl in a kettle of cold water, bring to a boil and boil ten minutes, then cover tightly and set into the fireless cooker or to simmer on the back part of the range for three or four hours. Remove the chicken which may then be used for another dish and add to the stock two large sliced onions or a dozen small ones, two diced carrots, one diced turnip, one cupful of peas, two bay leaves and salt and pepper. Boil until the vegetables are tender, remove the bay leaves but do not strain. Serve with grated cheese and buttered toast. Veal may be substituted for chicken or a little of both may be used for this soup.

Season all meats with salt, slightly with pepper; to beef add onion juice or a cut clove of garlic, or a minced onion cooked in fat. To lamb add onion and tomato, mint sauce or tomato catchup. To veal, minced calves, sweet herbs. To poultry add celery salt, sweet green pepper, chopped ripe olives. To fish, tomato, parsley, onion, cucumber, horseradish or pickles.

Cream Dressing for Fruit Salad.—Melt four tablespoonfuls of butter and add two and a half tablespoonfuls of cornstarch, one tablespoonful of flour, one-fourth teaspoonful of salt, three drops of tabasco and a tablespoonful of sugar. Add gradually one cupful of hot sweet milk, stir and cook well. Take from the fire and add a beaten yolk and five tablespoonfuls of lemon juice, one at a time, beating well after each spoonful. Add sour cream when ready to use, whip with a Dover egg beater and serve well chilled.

Strawberry Filling for Sponge Cake.—Beat a cupful of cream until stiff, add a third of a cupful of sugar, the white of an egg beaten stiff and a half cupful of well-mashed strawberries. Flavor with vanilla and spread as a filling for layer cake.

## UNUSUAL SIGHT.

Society Ladies Pick Cotton to Aid Farmers and Church.

A number of society ladies of Hickman, in response to the urgent need of cotton pickers, went to the cotton fields of L. B. Abernathy last week and picked cotton one day. The picking of each was weighed separately and their money was donated to the Christian church.

The pickers and the amount each picked were as follows: Mrs. Britton, 57; Mrs. Clark, 36; Mrs. Stone, 21; Mrs. Skinner, 21; Mrs. Ray, 55; Mrs. Abernathy, 79. They were assisted by L. B. Abernathy, 77; Ferdie Johnson, 71 and W. E. Gibson, 93, who also donated the picking money to the church, making a total of \$8.65.

## MUST STAY OFF.

Motor Vehicles Will Not be Permitted to Park on Clinton St.

At Monday night's council meeting, an ordinance was passed forbidding automobiles parking or standing on Clinton street. Violation of the law is punishable by a fine of \$5 and costs (\$11.50).

This law is NOW in effect. Cars will be permitted to stop long enough to let folks out or to stop into a store, etc., but there is no fixed limit. Cars must keep moving—and stopping the motor will be prima facie evidence of violating the ordinance.

Mayor Caruthers says this ordinance will not be a "slacker" ordinance like the one which prohibited any kind of vehicle stopping longer than 30 minutes on this street. The thirty-minute law was not practical. It is said, because of the half-hour limit making it necessary to "time" each car that stopped.

Plans are under way for starting home military training here; and all class 1 men, especially, will be expected to "fill in." Further particulars later.

## PEACE TALK.

Germany's Peace Proposal Matter of Interrogation by President.

President Wilson has met Germany's peace note with a move which will at one stroke, develop whether her proposal is sincere or merely a pretension, and if a pretension it be, fully justify for all time before the world the prolonging of the war with force to the utmost, force without stint or limit. At the same time the president has left wide open the door of peace.

Declining to propose an armistice while the armies of the central powers remain on invaded soil, the president Tuesday called on the German chancellor to state, as an absolute necessary preliminary to a reply from the entente allies and the United States, whether Germany accepts the principles of peace as repeatedly laid down or merely proposes to accept them "as the basis of negotiation," and whether the chancellor merely speaks for the German military masters conducting the war, or the whole German people.

As the full significance of the president's diplomacy is disclosed it becomes evident that he has left open the way to peace and at the same time left the militarist leaders of the central powers with a question they must necessarily answer in a way that will lead to peace or confront them with an embarrassing situation in their own countries.

## TURKEY NEXT.

Surrender of Turkey Looked For in Next Forty-eight Hours.

On the heels of the surrender of Bulgaria, the peace proposals of Germany and Austria, comes word that Turkey is expected to collapse within the next 48 hours. The Turkish cabinet has resigned and a process of disintegration exists at Constantinople.

In the meantime the great Allied drives continue successfully; the city of Cambrai falling yesterday with the capture of 11,000 prisoners and 200 guns. From every front comes good news. The Hunns are out-classed everywhere, apparently, and a general retreat is their only alternative.

Pres. Wilson's reply to the German peace proposals, it is generally admitted, "opens the door to peace." All depends on the German chancellor's next note. The consensus of opinion is that peace is not far distant.

#### REGISTRATION NOTICE.

Notice to Legal Voters in Hickman and Fulton.

Failure to register, as required by law, means that legal voters in the cities of Hickman and Fulton, Ky., will not be permitted to vote in any election within the next 12 months. It is important that you hold a registration receipt. Many failed to take advantage of the opportunity to register on October 1, and for that reason a supplemental registration will be held Tuesday, October 15, 1918, at all regular voting places in said cities, the polls opening at 6:00 a. m. and closing at 9:00 p. m. This will be your last chance; don't miss it.

## THE WESTERN FRONT AT HOME

Earn and give. For a year the young people of America have been coached in thrift. Instead of the old problem in the arithmetic book, "If Mary's mother gave her three apples, Jane gave her two, and she ate one, how many would she have?" the third grade girl is now sent to the blackboard to solve, "How many Thrift stamps at 25 cents apiece will Mary own at the end of 12 months if she saves 10 cents a week?"

The girl in the grade above her is learning in her arithmetic lesson how many Thrift stamps it takes to buy the yarn for 500 helmets for the soldiers in France. Still farther on the eighth grader is told to figure in terms of War Savings stamps how much it costs to supply a regiment of Uncle Sam's men with shelter tents.

And now the Earn and Give club of the younger girls of the Young Women's Christian association is organized to turn those Thrift lessons into giving. The children of America have been turning in pennies and nickels and pasting a green stamp on their Thrift card. The Earn and Give club can now use some of those cards and War Savings stamps in their campaign among the younger people for the united war fund.

This fall when the war council of the Y. W. C. A. made plans for the 1918 war drive, it included in its program the rule that no young girls under eighteen can do any soliciting on the streets or otherwise. They can give, but they can only give by earning. Consequently in order to co-ordinate the efforts of the girls in all the districts over the country, the Earn and Give club is enrolling members and has given out an estimate of \$5 apiece to be earned for the war fund campaign by the American girls who still count their age in teens. Five dollars apiece from the younger girls of the country will mean that the nation as a whole will fill its charitable organizations' war chest.

Some high school girl in New York city is going to earn her \$5 by shining her own shoes instead of stopping at the Greek stand on her way to school and by making her own sandwiches for her noon lunch. Out in Iowa the girl who has been spending 15 cents plus war tax for a movie three nights a week is going to draw a line through the movie habit except when there is an especially good bill. More than one girl plans to clean all her own gloves this winter and to salvage all the paper and collections of junk about the house which should be sold to the junk man to be worked over into some productive industry. The girls in their teens are going to earn instead of ask others for the money. They are to sacrifice and give in their own names and older women will make the public requests for money elsewhere.

Many of the girls who are waiting to join the Earn and Give club are already Patriotic Leaguers, and they have learned several practical lessons in the thrift that will make them effective members of the new club by their conservation of fruits and vegetables. They have canned and pickled. Now when the end of summer brings the beginning of school they will change their thrift into winter thrift and begin saving their \$5 for the Y. W. C. A. war fund.

"Wherever You Are Is the Western Front" is the slogan which the Earn and Give club has adopted. Anna, one wry thirteen-year-old daughter of New York's East side, who was one of the first and youngest members to join the campaign at a New York settlement house, had to have it explained to her that instead of western front meaning fight and fight meaning fists, the western front means work and work means save in order to give.

The girl who joins the Earn and Give club will discover that saving in conjunction with her working and saving in order that her club will furnish its quota of the money that is going to help the girls like herself in France and Belgium, she will also find numerous ways in the community to help the war that she had never dreamed of. She will see that all the fruit pits and stones that can be saved from her own dining table and from those of her neighbors, are dropped into the little red barrel at the corner. In order that the carbon which the seeds contain can be used in making charcoal for the American soldiers' gas masks. She will save all the tin foil that she sees for the Red Cross. She will help collect clothing for the French and Belgium orphans and perhaps send them some of her own.

School girls in India, children from squalid, dingy homes, with absolutely no spending money, gave last year to Belgian and Armenian relief when they themselves were not getting enough to eat. They gave up their meat once a week for the Belgians, though they only had it twice a week themselves, and for the Armenians they set aside the handful of fresh grain that otherwise each girl would have ground in her own little stone mill. Both contributions, from all the girls in one missionary's school, amounted only to \$5 a month. "But it was a tremendous sacrifice," their teacher writes, "although a joyous one. It actually meant less bread each day, and once a week a meal of dry bread and water. This was done by 80 girls from the meanest homes in the world—children between the ages of five and fifteen."

Four hundred thousand girls in 47 states have become Patriotic Leaguers since America declared war. If as many school girls and working girls from all classes pledge to earn and give, the united war fund campaigners will have \$2,000,000 of \$5's \$170,000.

## SCHOOL NOTES.

Interesting School Items by Miss Virginia Luten, Co. Supt.

One-half of the school districts elect trustees this year. All of the present trustees continue in office until next March at which time the new term begins.

McFadden school district, which is one of the smallest in the county reports over fifty dollars worth of thrift stamps owned by the school children of the War Savings Society. That is a fine beginning.

All schools have been closed this week until further notice on account of the influenza. This was done by order of the Board of Health. When schools are thus closed for an epidemic the time is not to be made up. Teachers will be ready to re-open school as soon as notified. The meeting of the Teachers' Association announced for the 12th at Cayce will be postponed. There should be no public meetings at any school house until further notice has been given. The patriotic programs announced for the 11th can be had when the schools have re-opened.

In the last draft 253 men were unable to sign their names. Of this number 137 were white men and 116 colored. The Kentucky Illiteracy Commission is making every effort to have the illiterate people of Kentucky taught to read and write. Books are furnished them free. Teachers and other interested citizens over the state are offering to teach them. The teachers of this county have opened night schools at various points. All who wish to learn to read and write may attend. Make the fact known in your district that those who want to learn may do so. One of our teachers reports more interest in the night school than in the regular day school.

Beginning next Monday, Oct. 14, the County Council of Defense will enforce the "work or fight" order. Men between the ages of 18 and 60, not equipped with an employment card, are going to be arrested and tried on a vagrancy or slacker charge. This is straight from headquarters. The Council has the backing of the United States government in this undertaking. There are in Hickman, according to information furnished the government by men sent here to quietly ascertain facts, in excess of 150 men not engaged in essential employment—and making no effort to get in essential work. But, they're going to work or fight. That has been settled. And to make things look worse, scores of farmers are clamoring for furloughs for farmer boys to help gather crops, while the "woods are full" of men in non-essential callings. The U. S. Community Labor Board, when organized will doubtless have as broad powers as the Local Exemption Board, to draft what labor is needed from the ranks of non-essential industries, and businesses. We have on file at the Courier office a pamphlet giving recommendations along this line, the list including clerical and cashier service and accounting in manufacturing, mercantile and financial establishments and in the offices of transportation companies and other public utilities; sales clerks and floorwalkers in mercantile establishments, including among others department stores, specialty stores, shoe stores, men's furnishing stores, drug stores, grocery stores, soda water fountains etc. The government recommends the employment of women in these capacities or old men above the draft age.

NO LOAFING ALLOWED

(Effective Monday, Oct. 14, 1918.)

Uncle Sam Says you must Work or Fight; The Commonwealth of Kentucky forbids able bodied men between 18 and 60 years old loafing; and the City of Hickman has backed up these laws with an ordinance carrying a heavy penalty for idleness. Therefore you must be provided with an "Employment Card" or be subject to arrest and fine. Hickman is a 100 per cent American city and we have no room for slackers. Employment cards furnished Free by the Council of Defense.

### TAKEN TO PENITENTIARY.

Minnie Younger, a negress, convicted at the last term of court of killing a negro man, was taken to Frankfort this week by Sheriff Walker to begin her penitentiary sentence of two years.

The present war prices on cotton is still below that of other commodities especially when compared to some former prices paid for the staple. In January, 1914 the price of upland-middling cotton in New York was 81 and 82 cents per pound; on the first of April it was 76 cents; the first of July it was \$1.50 to \$1.52 and the first of October it was \$1.15 to \$1.20 per pound.

### "FORDSON" TRACTOR HERE.

J. C. Hendrix got in two of the new Fordson (Henry Ford & Son) tractors Saturday and had them on the street for exhibition. This machine is smaller than the average tractor and in many respects built after the model of the Ford motor. It is rendered as satisfactory service as the tin Lizzie, it is one of the best machines made.

Rev. W. F. Remmertz, the popular pastor of St. Paul's Episcopal church, of Hickman, has received a call from St. Mark's church, at Bay City, Texas, at a salary considerably in excess of that paid here. It is hoped, however, that he will not be persuaded to leave Hickman.

Mr. and Mrs. Paul Porter and baby, of Jackson, are here the guests of Mrs. Porter's mother, Mrs. Mary Barber. Mr. Porter has been quite sick since arriving here.

Feathers Wanted: 16 to 20 pounds new feathers.—J. R. Brooks.

## GETS RIGHT.

J. F. Menese, of Cayce, is No Longer in Disloyal Class.

Friday the Fulton County Council of Defense had another call meeting at the request of Squire J. F. Menese of Cayce.

Mr. Menese came before the council announcing that he was ready to stand behind his government in the prosecution of the war and offered a check for the full amount of his quota of the fourth Liberty loan. He asked that the decision rendered one day in his case be reversed and that the public be requested to continue to do business with him as heretofore.

It was moved and seconded that the verdict against Squire Menese be reversed; that he be congratulated on his change of heart, and that the public be so notified. This was unanimously carried.

The signers of the resolution to do business only with 100 per cent Americans should take notice that this does not apply to Squire J. F. Menese, as he has qualified as a true American and should be treated as such.

J. P. Thomas tells us that every negro on his farms has purchased one or more 4th Liberty Loan Bonds.

For Sale: Three sows, one with pigs.—Chas. Vance. Call Mengel Box Co. at night.

## SPECIAL NOTICE.

To All Residents and People of Fulton County.

On account of an epidemic of Spanish Influenza now prevailing in Fulton county, it is urgently requested that our people hold no public gatherings, by which the disease is likely to spread, until further notice. This would include all church gatherings, social meetings, etc.

I would also suggest that where a member of the family becomes infected that the infected one confine him or herself to his or her home until they have recovered, as this is of major importance locally and nationally. When the patient has gotten well, the house should be fumigated. Others, necessarily exposed, should use an anti-septic spray (Dobell's is good) for the throat and nose.

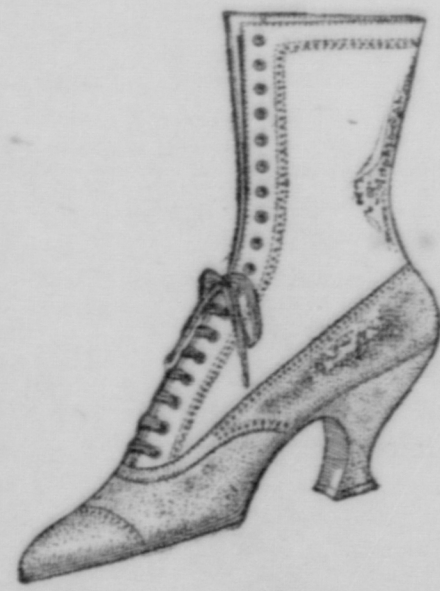

Compliance with the above requests may be the means of saving a number of lives and your hearty co-operation in stamping out the epidemic is requested. J. A. PHELPS, County Health Officer.

# Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—**TO FIGHT AND WIN.**

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. *No power on earth can hold them back.*

# Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. *We must lend the way they fight.*

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do our part as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—**TO FIGHT AND WIN.**

**CALOMEL SALIVATES  
AND MAKES YOU SICK**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.  
It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not silitate.  
Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.  
Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

**NOTICE OF DISSOLUTION.**

The corporation under which the Hickman Independent Telephone Company has been operating has been annulled. A. W. Davis, who has been manager, will continue the business and carry out the company's contract under the name of Hickman Independent Telephone Company.

A yankee from Kentucky has established quite a reputation for himself in France. Leonard Kouns, of Carter county, writes to his home folks that he went over the top three successive days and each day killed eleven Germans. Carter county ought to present him with a medal and give him a pension on the knowledge of his life.

**TOOMBS-BRADLEY.**

Cavitt Toombs and Miss Bertha May Bradley United in Marriage.

The happy consummation of a courtship of several years was attained Saturday afternoon, Sept. 28th, when Cavitt Toombs and Miss Bertha May Bradley were quietly united in marriage at the home of and by Rev. H. M. Crain, pastor of the First Baptist church in this city.

Mr. Toombs is a hustling young farmer and the oldest son of Mr. and Mrs. D. H. Toombs, of south of town. The bride is a daughter of Mr. and Mrs. John Bradley, of west of Hickman, and a most excellent young lady. It might be added, too, that about a year ago Bryan Toombs, a brother of the groom in this case, married a sister of the bride.  
Mr. and Mrs. Cavitt Toombs will make their home with his parents, young Toombs being manager of his father's farm. Both young people are popular and have a host of friends who join the Courier with congratulations and best wishes.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

**GREAT REVIVAL.**

Splendid Sermons and Fine Song Service at Big Tabernacle.

Last Thursday Evangelist M. F. Ham and his song leader J. W. Ramsey arrived and opened at the great tent near the Library.

Everything at the tent was in order and seating for 2500 people was installed.

The preacher has been doing strong preaching, more of a "range finding" nature, as we might say in the ordinary language of the day. Some of his shells have been dropping close to the strongholds of Satan and he has shown his knowledge of the hiding places of sin and we may expect soon to see some direct hits.

Mr. Ramsey, the choir leader, is beyond doubt one of the most capable men in his line in American evangelism. The large choir platform is fast becoming the center of interest.

Monday was rest day. No services were held on that day. Sunday was the great day of the meetings during the past week. There were three services that day. Fully 800 people listened to the preacher at the 11 o'clock service. There were not less than 1000 at the afternoon service and 1500 gathered for the evening service. This is Hickman's time for a great meeting which it is hoped will reach far into the country as well as in the town in its effects.

**DESERVES A GOLD MEDAL FOR THIS.**

Cincinnati authority tells how to dry up any corn or callus so it lifts right off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.  
A quarter of an ounce of freezezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried as it is inexpensive and is said not to inflame or even irritate the surrounding tissue of skin.  
If your wife wears high heels she will be glad to know this. adv.

**NEW CORN MOVING.**

New corn is coming on the Hickman markets in good quantities; also in fair condition so far as maturity is concerned. The movement is much earlier than the average season. Buyers Monday were paying \$7.25 a barrel or \$1.45 a bushel.

**A NICE CONTRIBUTION.**

If "by their acts ye shall know them," then Miss Mena Diestelbrink is one of the very best ladies in Hickman. In behalf of the Red Cross, we acknowledge a donation of \$25 from her for this splendid work. This is the kind of expression of patriotism that counts.

**CRUTCHFIELD NEWS.**

Miss Blanche Wagener, teacher in expression and piano music, will give a recital at Crutchfield school building Saturday night, October 12. She will be assisted by Mrs. R. S. Williams and Miss Cavita Hughes of Fulton.  
R. J. Elliott has returned from a visit to his son, Elbert Elliott, who is in a hospital at Atlanta, Ga. He reports Elbert improving slowly.  
The raising of the service flag at New Hope Sunday was well attended. There were a number of patriotic addresses by Rev. F. E. Adams of Fulton, Hon. L. L. Hindman of Clinton, Prof. Herbert Finch of Fulton. There were nineteen stars on the flag, as representing the following: Herschel Hodges, Horace Hodges, Guy Bellow, Herbert Sane, Henry Sane, Letcher Watkins, Bernice Patrick, Roy Hicks, Rupert Kendall, Carl Phillips, Carl Drysdale, Stokes Beech, Cloyd Latta, Lee Crowell, Connor Wilson, Berry Cook, Paul Moore and Elbert Elliott. The last named two were represented by silver stars.—Raymond Elliott who volunteered his services in the spring of 1917, is visiting his parents, Mr. and Mrs. Leann Elliott, near here.—Crutchfield volunteers to the fourth Liberty Loan: Irvin Jeffress, J. W. McClunahan, Dr. A. J. Turney, C. C. Easley, Walter Wright, R. A. Howell, W. V. Little, J. R. Cardwell, Tom Carver, T. O. Copeland, J. R. Kearby, Hiram Kearby, Glenn Stevenson, O. R. Sane, S. J. Fletcher, Nina Kimbro, Mrs. Reanna Kearby, J. P. Kearby took his allotment in his mother's name.—Orville Green and Miss Carnell Elliott were married Sunday morning at Clinton. The Rev. Dr. Farabough officiating. They were accompanied by Glenn Howell and Miss Pearl Elliott, Herman Elliott and Miss Rita Howell, and Miss Mary Turner. This is a very popular young couple, the bride being the youngest daughter of Mr. and Mrs. W. J. Elliott and is a lovely young lady with many beautiful traits of character. The bridegroom is a splendid young farmer.
